Abstract

This template is designed to guide authors in preparing their papers by direct editing. The template must be prepared in Microsoft Word format and its version, footer and header information must not be changed in any way. Authors should be written in “First Name Surname” order. Abstract section is limited to a maximum of 300 words. Additionally, the abstract should be a single paragraph. The abstract should contain a summary of the study carried out, and should not present general information. If abbreviations are to be used in the abstract, they should be used after the definition is given.

Keywords: *Include a maximum of 5 keywords. Keyword, Keyword keyword, Keyword keyword.*
